Soft Skills

- Learning New Trends
- Teamwork
- Problem-Solving
- Critical Thinking

Profile

BSc (Hons) Computer Science student at SLIIT with a strong background in Full Stack development and WordPress customization. Deeply interested in Generative AI, LLMs, and UI/UX, I focus on building intuitive, user centered digital solutions that prioritize operational efficiency. A collaborative problem solver and quick learner, I thrive on mastering modern IT tools and cutting-edge software. I aim to leverage my technical expertise in high performing, tech focused roles to deliver scalable and innovative AI driven outcomes.

Experience

- **Shield Technologies Private Limited - Nugegoda**
Full-Stack Developer, UI/UX Designer & WordPress Developer -Part Time
 - **UI/UX Design:** Spearheaded the end to end design process, creating high fidelity wireframes and interactive prototypes to enhance user engagement and streamline navigation.
 - **Full Stack Development:** Developed and maintained robust web applications, ensuring seamless integration between front end interfaces and back end server logic.
 - **WordPress Development:** Customized and optimized WordPress themes and plugins to improve site performance, SEO rankings, and ease of content management.
 - **Cross-Functional Execution:** Collaborated closely with stakeholders to translate complex business requirements into scalable technical solutions and intuitive digital experiences.

Education

- **SLIIT | Sri Lanka Institute of Information Technology** **2024 - present**
BSc(Hons) in Computer Science
- **Chartered Institute of Management Accountants(CIMA)** **2025 - present**
Certificate Level
- **St.Sebastian's College Moratuwa** **2022**
GCE Advanced Level

Projects

- **“OnYx” Smart Accounting AI-Powered Financial Governance and Accounting Platform**
- **“Medistore” Full-Stack Pharmacy Inventory & Operations Management System**
- **Online Medicine Pill Dispenser for Automated Medication Management**
